Jonathan Andreanus

jonathan.andreanus03@gmail.com | +6281285392840 | Bandung, Indonesia

I am a third year student with high dedication in the field of Computer Science. With a strong web development foundation, I have developed deep analytical and problem-solving skills. Additionally, organizational and collaborative project experiences have enriched my interpersonal and leadership skills. I have a passion to continue learning and innovating, and committed to making a positive contribution to the work environment. My goal is to continue learning and growing in the world of software development, with the hope of contributing to technological innovation that benefits society.
